

Peter D. Marghella, CEM, FACCP
President/CEO, Medical Planning Resources, Inc.

Pietro (“Peter”) Marghella attended Iona College and Frostburg State University, where he received a Bachelor of Science in 1984. He holds Master’s Degrees in Health Services Administration from Central Michigan University, and National Security and Strategic Studies from the U.S. Naval War College. He is a Doctoral Student in Complex Emergency and Disaster Management at Tulane University, and a member of the Inaugural Class of the National Preparedness Leadership Program at the John Fitzgerald Kennedy School of Government at Harvard University. He holds the Certified Emergency Manager (CEM[®]) credential in the International Association of Emergency Managers (IAEM), and is a Fellow of the American College of Contingency Planners (FACCP).

Peter has 20 years experience as a Medical Planner supporting the most senior and strategic levels of the U.S. Government. He is one the Nation’s premiere specialists in medical preparedness and response to complex emergencies, disasters and asymmetrical threats. He is the Co-Founder and Past President of the American College of Contingency Planners (ACCP), the Executive Director of the Academy of Healthcare Contingency Professionals (AHCP), and the Medical Editor of the Homeland Defense Journal (HDJ). He is an Adjunct Assistant Professor of Military and Emergency Medicine at the Uniformed Services University of the Health Science (USUHS), Adjunct Assistant Professor of Public Health at Tulane University, and Adjunct Faculty for the Program on Terrorism and Security Studies at the George C. Marshall Center for European Security Studies. Peter has published numerous book chapters, monographs and articles on medical planning, consequence management, and the role of health service support in complex emergencies and disasters in such prestigious journals as the *Naval War College Review*, The U.S. Naval Institute’s *Proceedings*, The American College of Healthcare Executive’s *Frontiers in Health Services Management*, and the *National Military Intelligence Digest*. He is a frequent speaker at national-level conferences addressing catastrophic casualty events and the threats of terrorism, describing strategic initiatives for the medical aspects of consequence management.
